

THE UNITED REPUBLIC OF TANZANIA
PRESIDENT'S OFFICE
e-GOVERNMENT AUTHORITY

ISO 9001: 2015 Certified

TITLE: DOMAIN REGISTRATION FORM

CODE: eGA/EXT/FOM/008

GENERAL CONDITIONS:

- i. Well filled form
- ii. Attached copy of receipt for domain registration fee
- iii. Items with an asterisk (*) are **MANDATORY**

1. REGISTRATION TYPE

* (N)ew (M)odify (D)ele...:

2. * FULLY-QUALIFIED DOMAIN NAME:

3. ORGANIZATION INFORMATION

3a.* Organization Name :

3b.* Address Line 1 :

3b.* Address Line 2 :

3c.* Region :

3d.* Postal Code :

3e.* Country :

4. * DESCRIPTION OF ORG/DOMAIN:

5. Date Operational:

6. ADMINISTRATIVE CONTACT OF ORG/DOMAIN

6a. NIChandle (if known) :

6b.* Full Name :

6c. Organization Name :

6d.* Address Line 1 :

6d. Address Line 2 :

6e.* Region :

6f.* Postal Code :

6g.* Country :

6h.* Phone :

6i.* Email :

7. TECHNICAL AND ZONE CONTACT

7a. NIChandle (if known) :

7b.* Full Name :

7c. Organization Name :

7d.* Address Line 1 :

7d. Address Line 2 :

7e.* Region :
 7f.* Postal Code :
 7g.* Country :
 7h.* Voice Phone :
 7i.* Email :
 7j.* Registration Mailbox :
 7k. Fax Number :

FILL OUT QUESTION 8 AND 9 FOR DELEGATIONS PURPOSES (i.e those organizations running name servers for a branch of the TZ Domain namespace)

8. PRIMARY SERVER: HOSTNAME, NETADDRESS

8a.* Hostname : ns1.eganet.go.tz
 8b.* IP Address :

9. SECONDARY SERVER: HOSTNAME, NETADDRESS

9a.* Hostname : ns2.eganet.go.tz
 9b.* IP Address :

DISCLAIMER

By the registration of your name on the Internet (under dot tz ccTLD), eGA accepts in good faith that you have the right to the use the name.

Our function in registering names on the Internet under go.tz TLD space is to assure that the name does not conflict with any other name in the name space requested.

The user by your registration and use of the name and/or your continued use of an existing name, agrees, as part of your request for name registration, to indemnify and hold harmless from any and all costs, fees, expenses arising from litigation involving trademark, trade name, service mark, and any other name infringements, or other reasons.

The party requesting registration of this name certifies that to her/his knowledge, the use of this name does not violate trademark or other statutes.

Registering a domain name does not confer any legal rights to that name and any disputes between parties over the rights to use a particular name are to be settled between the contending parties using normal legal methods (See RFC 1591).

--

REGISTERING A NEW dot GO.TZ DOMAIN NAME

Note that all starred (*) fields are mandatory. However we request the new Registrants to fill all the fields. Fields clarifications are detailed below:

1. REGISTRATION TYPE: NEW, MODIFICATION, or DELETION. Chose N for New, M for Modify and D for Deletion.
2. THE NAME OF THE DOMAIN. This is the name that will be used in tables and lists associating the domain with the domain server addresses. For example <name>.co.tz for a commercial entity called "name". Refer to tzNIC website for the recommended naming structure.
3. THE NAME OF THE ENTITY REPRESENTED, (i.e., ORGANIZATION, LOCALITY, etc., being named. The name that describes the Fully Qualified Domain Name.

4. PLEASE DESCRIBE THE DOMAIN BRIEFLY.
For example: The e-Government Agency (eGA) is established under the Executive Agencies Act No. 30 of 1997, Cap. 245 and its amendments as a semi-autonomous institution, with the mandate of coordination, oversight and provision of e-Government initiatives and enforcement of e-Government standards in the public service. The establishment of eGA is one among several initiatives by the Government to operationalize the National ICT Policy (2003).
5. THE DATE YOU EXPECT THE DOMAIN TO BE FULLY OPERATIONAL.
For every registration, we need both the administrative and the technical contacts of a domain (questions 6 & 7) and we MUST have a network mailbox for each. If you have a NIC handle (a unique NIC database identifier) please enter it. (If you don't know what a NIC handle is leave it blank). Also the title, mailing address, phone number, organization, and network mailbox.
6. THE NAME OF THE ADMINISTRATIVE HEAD OF THE "ORGANIZATION".
The administrator is the contact point for administrative and policy questions about the domain. The Domain administrator should work closely with the personnel they have designated as the "technical contact" for the domain. In this example the Domain Administrator would be the Administrator of the e-Government Agency, not the Administrator of the organization running the nameserver (unless it is the same person). The Administrative contact must be in Tanzania and must be within the organization which is registering the domain.
7. THE NAME OF THE TECHNICAL AND ZONE CONTACT. The technical and zone contact handles the technical aspects of maintaining the domain's name server and resolver software, and database files. They keep the name server running. This person would be the technical contact running the primary nameserver. The REGISTRATION REQUEST MAILBOX (7j) is where domain name requests are mailed and processed for the delegated domain. Mailboxes names would be like: hostmaster, noc, etc).
8. PRIMARY SERVER. Complete host name of the primary server as well as the IP address.
9. SECONDARY SERVER. Complete host name of the secondary server as well as the IP address. Domains must provide at least two independent servers that provide the domain service for translating names to addresses for hosts in this domain. Establishing the servers in physically separate locations and on different PSNs and/or networks is required. See RFC2182 for the rationale. This means that the secondary server MUST be in a physical location quite separate from the primary, and that the two MUST be on completely separate international backbone providers. If you wish to have more than one secondary server, merely duplicate section 9.
